

What is Body Walk?

Body Walk consists of:

- a 30-foot by 36-foot walk-through exhibit representing the human body,
- classroom activities for use prior to and following the students' walk through the exhibit,
- a take-home activity book for students to read with their families,
- a list of additional nutrition education resources, and
- information to help publicize the event and communicate with the media.

Students tour the human body exhibit with the OrganWise Guys as their guides.
